

## Learn about **Computer Programming, Animation, and Game Design**

### **San Rafael Scratch Day**

At Miller Creek Middle School  
2255 Las Gallinas Avenue, San Rafael - A1 Lab

For kids in grades 3-8

Saturday, May 19<sup>th</sup>, 2012; 12:30 – 3:30 pm

Calling kids in grades 3 - 8 interested in computers, game design and animation! Scratch is fun, free, user-friendly software that makes it easy to explore the world of computer programming, game design and animation. On May 19<sup>th</sup>, people around the world will be holding events to teach kids about computer programming.

Come to Miller Creek Middle School's computer lab to learn more about Scratch, try it yourself, and learn about opportunities to interact with other Scratchers. There will be **two sessions**. Session 1 is 12:30 - 2 pm and Session 2 is 2 - 3:30 pm.

**To register, email [marinscienceseminar@gmail.com](mailto:marinscienceseminar@gmail.com) with**

- \* Student's full name, age and grade in school
- \* School child attends
- \* Parent name, email and cell phone
- \* What experience, if any, does the student have with Scratch?

We will let you know when your registration is received and will confirm registration status by May 14, 2012.

Scratch was developed at MIT and is funded by the National Science Foundation, Microsoft, Google and Intel. It runs on both Windows and Mac operating systems and is very easy to download, install and use.
